Dear Alumni's & Student's

It gives me immense pleasure to present Second issue of
“Computer Department –Entrepreneur Diary”.

Its really pride for us that our Alumni and students have scaled such heights in life. To be a successful entrepreneur, you will need perseverance, discipline, passion, confidence in your own abilities and good problem-solving skills. We are happy that our students & alumni are taking a pathway of doing a Entrepreneurship.

For our Entrepreneurs, We wish you success & bright future in your chosen entrepreneurial journey .

Our Motivation—Their Support is our driving force

Dr. M.D. Kokate
Principal,

Taking Entrepreneurship as a career option is not a easy task. I am glad that you chosen this journey and working hard to scale it.

Best of luck !

Dr. M. R. Sanghavi
HOD (Computer Department)

Entrepreneurship means “Don’t wait for opportunity. Create it! “

**Nothing is Impossible only
Mindset is required !**

Prof. P.M. Bora
Head (Startup & Innovation Cell)

Innovation is key of success. Find the Innovation in your business.

Wish you a Success!

Let's Connect

Startup & Innovation Cell (S&I C) invites business ideas from students. Most of these plans, however, are received in a very crude form and need a lot of expert guidance and support before they can face the competitiveness of the business world. For this, we look up to the alumni, who have years of experience as students of the institute and hence, can act as the best mentors.

Prof. B. A. Khivsara

**EDC/ S&IC Coordinator
Computer Department,
SNJB's Late Sau. K.B. Jain COE.**

**Email: khivsara.bacoe@snjb.org
Mobile: 9766363125**

*I am glad to prepare the Second issue of
“**Entrepreneur Diary**”.*

*I am sure that this venture of showcasing your efforts will
definitely add feathers in your success.*

Best Luck for your entrepreneurial journey !

ICE under Digital Impact Square

A TCS Foundation Initiative

- ♦ Delivering standard existing learning resources for teacher and children of rural area for providing quality early childhood education.
- ♦ I had worked for this problem in last 6 month which is improving early childhood education in rural area.
- ♦ Now due to covid19 all educational sector is badly affected and we are now able to pilot the solution of this problem statement.
- ♦ So, DISQ assign me new team "TreBirth" and now we are working on the agriculture project which is based on early detection of stem borers, minimize yield loss due to infestation and help them take proactive measures to prevent future infestation.
